A BUSY LIFE

1 Read the text.

Jennifer Ling is an average teenager in Texas. She gets up early every weekday, takes a shower, and has breakfast. She usually eats yogurt and an apple or banana for breakfast. At 7:10 she goes to school. From 12:00 to 1:00 she has lunch at school with friends. She has classes until 2:30. She plays sports for two hours after school. She goes home at 5:00, has dinner, and does her homework. She doesn't watch TV during the week. She usually goes to bed at 10:00.

Saturdays are really busy, too. She plays sports at 8:30 on Saturday mornings. She usually brings a sandwich and a box of juice to eat for lunch. She has guitar lessons in the afternoon. She usually does homework in the late afternoon.

Sunday is her favorite day. She can hang out with friends or listen to music. She can go to the movies or read a book. She can talk on the phone for hours. But she can't go to bed late on Sunday night—she has school on Mondays!
